Delicious 'wood fire' aroma for maximum enjoyment

6mm thick black crystal pot for great tasting rice

The new Philips smart rice cooker with unique 6 mm black crystal pot and wrap-around double core heating plate brings out the unique taste and texture of every grain of rice. With its easily detachable lid, cleaning has never been this easy

Black crystal pot for great tasting rice

- Black crystal pot conducts and retains heat extremely well
- The thick-based, thin-walled design conducts heat evenly
- Energy-cohesive ring retains heat to enhance thermal cycling

Double core heating plate for fluffier rice

- Hi-tech ceramic coating for longer service life
- Innovative wrap-around heating plate expands heat area

Wood fire' feature for authentic, traditional rice

- Double core heating technology enhances thermal conduction
- Wood fire' feature simulates traditional cooking methods

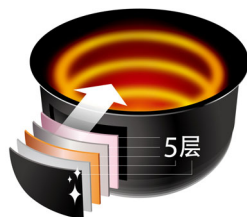

Detachable lid for easy cleaning

- The smart rice soaking program saves soaking time
- Easily detachable lid makes cleaning easier than ever
- Unique hangable, stand-up design for easy drainage

PHILIPS

Highlights

6mm thick black crystal pot

The 6mm thick base of the pot has excellent heat conduction and retention properties, effectively preventing partial burning and ensuring every grain of rice is cooked evenly.

Thick-based/thin-walled design

The gradually changing thickness of the pot distributes heat evenly throughout the pot, ensuring tasty rice with a great texture from top to bottom.

Energy-cohesive ring design

The base of the pot contains multi-layered energy-cohesive rings that lock heat in and effectively enhance thermal cycling.

Hi-tech ceramic coating

The ceramic coating is harder and more wear-resistant than conventional coatings for stronger wipe-resistance and longer service life.

Wrap-around heating plate

Innovative wrap-around heating plate expands heat area

Double core heating technology

The double core heating tubes increase the heated area at the base while the wrap-around bowl design perfectly compliments the black crystal pot, providing faster, more efficient heating and ensuring each grain of rice absorbs

an adequate amount of water and boils for just the right amount of time for tastier, fluffier rice

Unique 'wood fire' program

Unique 'wood fire' program adjusts the cooking curve of the rice to simulate traditional cooking methods, providing a more comprehensive simmering process for aromatic, al dente rice.

Smart rice soaking program

The smart rice soaking program saves soaking time

Easily detachable lid

The lid can be completely detached after use allowing direct cleaning from every angle, leaving no residual dirt and making cleaning easier than ever.

Specifications

Design specifications

- Color(s): Silver casing, purple panel
- Materials of main body: Stainless steel
- Dimensions (L x W x H): 395*300*245 mm

Accessories

- Rice scoop
- Measuring cup

- Soup scoop
- Integrated steamer and plate

Technical specifications

- Voltage: 220 V
- Frequency: 50 Hz
- Wattage: 860 W
- Cord length: 1.0 m
- Inner pot capacity: 4L

Issue date 2013-11-06
